

IMPORTANT NOTICE FOR TEACHERS!

In the past, the *Elementary Science Program* provided matches in several of our kits. We are no longer able to provide the matches because we are prohibited by law from shipping incendiary materials (matches).

The following unit titles will be affected:

- Balloons and Gases
- Meet the Creatures
- Mystery Matter
- Weather

Teachers will need to provide any matches or lighting device required for the activities in the above units. We apologize for the inconvenience.
