

[Where do I find the password for my unit?](#)

If you want to view or download the digital resources for the ESP unit you are teaching, a password is required.

To locate your password, go to the front page of your teacher's guide. In the front of the teacher's guide, there is flyer informing teachers that ALL of our digital resources are now online ONLY. See below. (The CD ROMs are no longer provided for our units.)

Astronomy Unit

2015-2016 Password: _____

How to Find the Web Page Resources for ESP Units

Steps:

- Go to the ESP website: www.espsciencetime.org
- Find the Quick Links menu on the left side of the page.
- Click on Unit Resources and Videos.

Steps:

- Under Unit Resources, click on the unit title you are interested in.
- Under that unit's title OR under the Related Links, the links for the various resources will be listed.
- Click on one of the available resources for the unit (i.e. leveled readers, assessments, etc.).

(over) →

All resources from the CD ROM are now online!

The password listed on the flyer is for the current school year. *(The passwords change each year.)*

This flyer also provides the ESP website address and directions on how to find the Unit Resources for your unit.
